Hi Carolyn,

I apologize for the second email, but it looks like 4:00 works better for us. Could we call you at 4 on Monday instead?

Dear Ms. Yonce,

As I noted in my email to Mr. Johnson, a small utility is seeking clarification on the alternative closure provisions in the final 2015 CCR rule. Would you be available for a call to discuss these provisions in further detail? Do you have any availability for a call on the following dates, 4/20 (morning), 4/23 or 4/24 (afternoon)? If none of the proposed dates are convenient please feel free to suggest alternative dates.

Best regards,

Dear Ms Slaughter,

Likewise, it was a pleasure meeting you as well.

Ms. Stacey Yonce the Acting Chief of our Energy Recovery and Waste Disposal Branch will be able to assist you with any questions that you may have. I have copied Ms. Yonce on this email so that you two can have the necessary follow on conversations.

Please let me know if I can otherwise help in any way.

Sincerely,

**Barnes Johnson**

**Subject:** CCR Rule Closure Provisions

Dear Mr. Johnson,

I was a pleasure meeting you last week during a USWAG meeting on the CCR remand rule.

I am reaching out to see if you are the correct person to speak with regarding questions about the CCR unit closure provisions in the final 2015 CCR rule. If so, I would like to set up a time to speak over the phone or in person. Please let me know your availability in the next few weeks.

As background, I am working with a small utility that is evaluating closing a generating unit at their facility. They would like some clarification on the applicability of the alternative closure provisions given their particular circumstances. I look forward to hearing from you at your earliest convenience.
